WHY MOST CALLS FAIL

Most calls die in seconds.

01

‘How are you today?’

They know you don't care.

02

‘Is the owner there?’

Only salespeople ask that first.

03

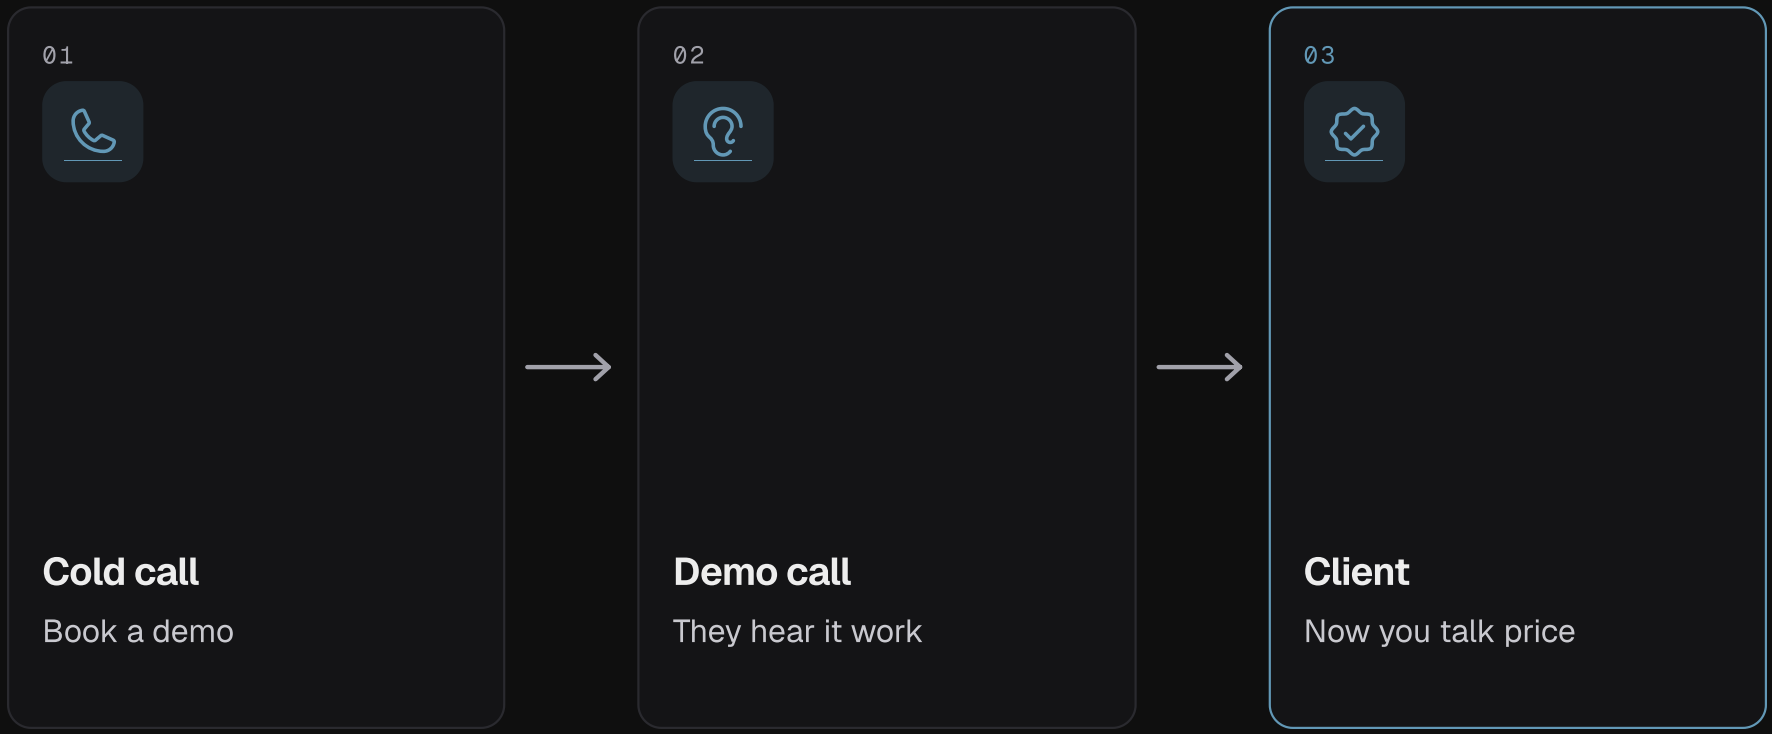

Pitching features

Before they've said they have a problem.

Leadlock.ai

THE ONLY GOAL

Sell the demo. Nothing else.

Leadlock.ai

THE OPENER

Ask what time they close.

01

‘What time do you guys close?’

Sounds like a customer.

02

‘After that, voicemail?’

They name the gap.

03

‘That's why I'm calling.’

Now you have a reason.

ROLE-PLAY

Watch me run it.

YOU Hey, quick question. What time do you guys close today?

OWNER Six.

YOU Got it. After six, does it go to voicemail, or does someone pick up?

OWNER Voicemail.

YOU That's actually why I'm calling. I help plumbers catch those calls and book the job. Not sure it fits you. Have you looked at an AI employee for that?

OWNER Not really.

LOWER THE GUARD

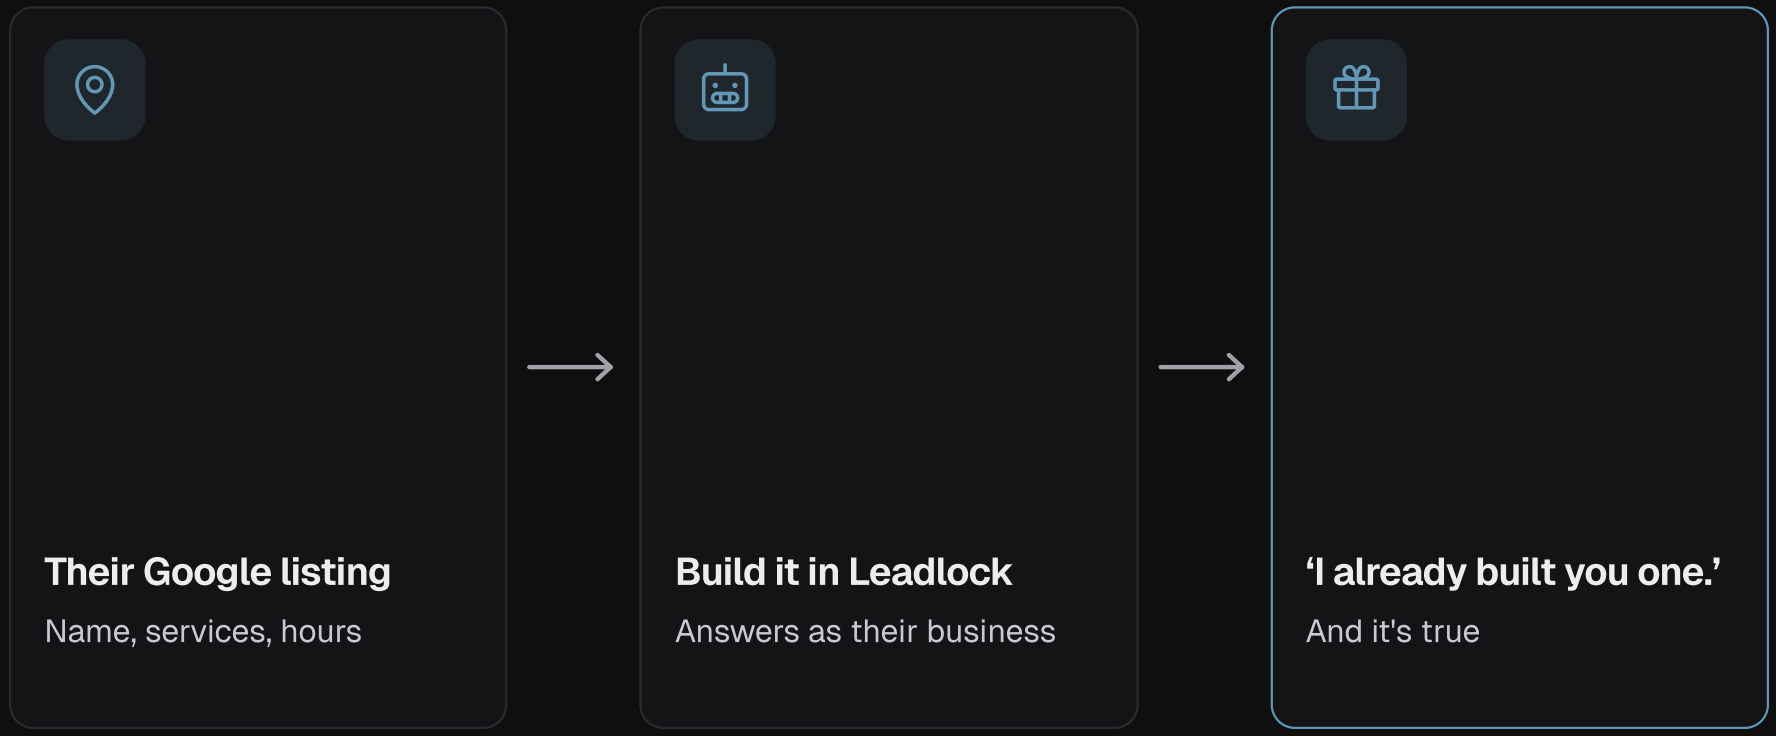

Say the no first.

“I'm not even sure this fits you.”

No pressure means they keep talking.

THE DEMO HOOK

Build their demo first.

Leadlock.ai

WHAT MAKES IT DIFFERENT

It books the job.

MOST TOOLS	YOUR AI EMPLOYEE
Takes a message	Books the job on the call
Owner calls back later	Lands in the software they run

GoHighLevel works out of the box. **Anything with an API can be connected.**

QUALIFY

Let them do the math.

ASK

Missed calls a week

TIMES

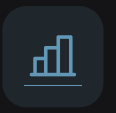

A normal job

TIMES

Four weeks

EQUALS

Their monthly leak

Their numbers, out loud. Never a stat you can't back up.

Leadlock.ai

THE DEMO

The demo is a phone call.

01

Conference it in

No Zoom. No screen.

02

You play the customer

‘Burst pipe, 9 pm.’

03

They watch it book

Answered as their business.

BOOK IT

Two times. Pick one.

Offer	‘2:00 or 4:30, which one?’
Confirm	‘You're in Dallas, so Central?’
Invite	Name, email, best cell
Close	‘I own the agency. It's me calling back.’

OBJECTIONS

You'll hear these daily.

‘Not interested.’

‘We have a service.’

‘People want a human.’

‘Tried one. It sucked.’

‘We don't miss calls.’

‘Just email me.’

Every answer ends the same: just hear it.

Leadlock.ai

TWO LINES THAT FLIP CALLS

Ask. Then reframe.

“Is it the AI part, or just not a right-now thing?”

“It's not AI or you. It's AI or voicemail.”

Leadlock.ai

NO OWNER ON THE LINE

Voicemail and gatekeepers.

VOICEMAIL

Under 20 seconds

Name the demo you built. Number twice. Then one text.

GATEKEEPER

Same opener

Then: ‘Who decides on phone stuff there?’ Learn their name.

KEEP DIALING

Worst case: someone's rude.

Next dial in three minutes

You're sifting, not convincing

Don't need the yes

Leadlock.ai

YOUR HOMEWORK

This week.
